

Elite Marketing has solved your problems. We are making available to all of our agents the latest technology in company software. It is called **WinFlexWeb**, an internet based life insurance sales proposal system with automatic updates.

We have prepared a package including several of our top companies that you can access, even if you are not appointed. **WinFlexWeb** allows you to run illustrations without entering each company's individual software.

Here are some of the features:

- ▶ Single system for multiple carriers
- ▶ Enter client information using one carrier and switch to another while preserving your input data
- ▶ Advanced Sales Concepts
- ▶ Eliminate updates and software maintenance
- ▶ Instant access to new products
- ▶ Create, store, and retrieve case files containing an unlimited number of clients

To register for "**Elite's WinFlexWeb Package**" follow the instructions below:

1. Go to <http://www.winflexweb.com/>
2. Click on **Register Now** under **New Visitor**
3. Enter a unique user name (ie. jsmith, rclemens, John Doe, whichever format you prefer)
4. Enter **First Name, Last Name, your Company Name, Phone #, & Email Address**
5. Click **Continue**
6. Agency/BGA Selection page: Enter **Elite** in the Search window and click **Find**
7. Click the circle next to **Elite Marketing Group**
8. Click **Continue Registration**
9. Click **Complete Registration** (this will generate an email to Elite Marketing asking the administrator to approve your registration)
10. You will also receive an email giving you a temporary password and stating that an email has been sent to Elite Marketing for approval and that you will receive another email when approval is complete
11. After approval is completed by the Elite Marketing administrator, you will receive another email stating that "**your request to illustrate products in WinFlexWeb has been approved by Elite Marketing**"
12. You can then log on to <http://www.winflexweb.com> using your temporary password.
13. If you wish to change your password: click on **Profile** under **Manage**, click **Change Password**, enter old and new passwords as requested, Click **Change**
14. You are now ready to use **WinFlexWeb**
15. Click **Start WinFlexWeb**
