Rapid Decision Term Life, for the Long-Term

Rapid Decision Term Life insurance is designed to make the entire application and approval process with Fidelity Life Association easy for you. That is innovation born from over 100 years of experience protecting the families of Middle America.

Fidelity Life Association offers vast industry experience, competitive rates, quality service and one of the most convenient application and approval processes in the industry to the people who make up the backbone of our country.

People just like you.

We Make It Convenient for You

Fidelity Life now offers you term life insurance that features our Rapid Decision process, among the most convenient application and underwriting processes available in the industry. Utilizing the Internet and the active involvement of our underwriters, the application and approval process has been streamlined to allow you to obtain coverage in *days*, not months. Standard policy issuance does not require a medical examination. Instead, approval for a policy depends upon your answers to health questions on the application.¹

Rapid Decision Term Life

Fidelity Life's Rapid Decision Term product provides guaranteed level premium periods of 5, 10, 15, 20 or 30 years in benefit amounts up to \$300,000, depending on age. Coverage is available for people ages 16 to 75 years.

An Accelerated Death Benefit feature is also part of the policy, at no additional cost to you.² There also are optional riders that are offered for a nominal extra premium, see descriptions in the next column.

Accelerated Death Benefit (at no additional cost)

Accelerated Death Benefit is a policy rider that provides for an advance payment of up to 50% of the death benefit if the insured is diagnosed by a physician to have a life expectancy of 12 months or less. Death benefits are reduced by the advance plus interest.

Optional Riders

You can also add custom rider options like Return of Premium, Waiver of Premium, Dependent Child Coverage and Accidental Death Benefit.

- The Return of Premium Rider allows the insured to receive a percentage of premium back—up to 100% of all eligible premiums—at the end of a full policy term.³ The Return of Premium rider is available only for policies with terms of 15, 20 or 30 years.
- The Waiver of Premium Rider pays the policy premium if the insured becomes disabled. It is available for those between the ages 20 to 55. There is a 6-month retroactive waiting period.
- The Dependent Child Rider offers children of the primary insured (aged 19 to 60 years), who are 15 days to 18 years old, coverage from \$5,000 to \$25,000. Coverage ceases when the child reaches age 23 or when the primary insured reaches age 65, or the policy terminates, whichever comes first.
- The Accidental Death Benefit (ADB) is a rider that pays a benefit in the event of accidental death. The rider is available at issue ages 20 through 60, in benefit amounts up to \$300,000. The ADB rider expires at age 65.
