

Producers Give Thumbs Up to Rapid App.

Fidelity Life Association's Rapid App underwriting and approval process is taking the life insurance industry by storm. Agents from coast to coast are singing the praises of our innovative, state-of-the-art system that handles applications totally online.

"Rapid App has made the occupation of selling life insurance fun and very rewarding. Fidelity Life, you have made my job much easier and more productive."

Pat Wedeking
InsuranceOnly, Inc.

With Rapid App, agents electronically complete their client's Rapid Decision Term application, including answering health questions and provide Fidelity Life Association an e-signature. We then review their MIB, Pharmacy and MVR records. If applications are complete and the information checks out, we usually issue a fully-underwritten policy in 24 to 48 hours.

"I just closed a case in less than 10 minutes. Rapid App is superb for my business."

Ray Gharavi, Ph.D
Prime Quotes Insurance Services
